FCC - MAILROOM

To Whom It May Concern:

My teacher told me that K-Love was going off the air. I was kind of sad at first. Now I am really sad because a lot of people listen to K-Love. They love it! In the morning people really want to listen to something. That's what pumps people up in the morning and gets there day started. If you took away K-Love some people won't have anything to listen to. Please don't take away K-Love because you will be making a big mistake. It will decrease the Christian population.

P.S. What would Jesus do?

Love
Leah

FCC - MAILROOM

Dear Sirs :

I just heard that you were taking K-Love 89.5 off the radio, and it makes me very sad. I was wondering if you would reconsider. The reason is because this station has done a lot for our community. It has touched my heart, and if you would just listen to it and try to hear what they're saying, it would probably touch your heart and may help you think what is the right thing. Let God control your life not satan. So please, don't do this.

Sincerely,Miles SapolisNo. of Copies rec'd 0

To whom it may concern:

We just heard that K-Love (89.5) was being taken off the air. What if your favorite Radio Station was being taken off the air? Please do not take off the station, because that is all we listen to. How would you ~~like~~ expect them to get one million ~~new~~ dollars in a month? Please sirs give them at least 5 more months. Any extra time would be fine if you couldn't do that much. We just want to minister the word of the Lord to everyone.

Respectfully,

SHABNAM Saadat Khan

To whom this may concern:

Please don't take K-Love away from me. I know of only Christian music I know of. If K-Love goes out my mom will not be able to listen to the radio. Since it's the only music I listen to. If you take it off the air just remember what good does it to put it off the air. Many people in the U.S. listen to K-Love and just think what will do to those people. I have a question isn't it a free country and we could have whatever music. Please don't take K-Love away from me and many people of the U.S.

Sincerely,
Kyle

RE: MB Docket No. 04-233

I am ~~writing~~ in regards to the FCC possibly changing the ONLY station I listen to on the radio from an FM service to a LPFM service. That station is K-LOVE - 94.3, Elgin - Chicago area. I could lose reception for K-LOVE. It now comes in loud & clear.

K-LOVE is #1 in the nation in bringing hope & encouragement to thousands. People that hear this station tell others about it. K-LOVE is Christ centered music that is played 98% of the time - no commercials. They have a prayer line that you can call into & pastors to pray for you. I believe they have helped save hundreds of lives every month. They bring lost people to know Christ & through prayer have helped those in trouble - including suicide. What an awesome station to have available in our community. I would much rather have the K-LOVE station around than a rock or heavy metal station. Why possibly contribute to depression or suicide when K-LOVE is there to HELP. What would you like your children, friends & neighbors to hear? To not have K-LOVE available would be a disaster to any community.

K-LOVE picks me up everyday in the love of Christ & that is something of Notion needs these days. Because I know how wonderfully K-LOVE affects me & because I know they reach out to everyone & change lives everyday, I

I am writing in concern to K-Love radio. For years I didn't listen to any music because my choices were limited. Now that I have K-Love it is on almost 24 hr. at my home & the only channel on in my car radio. My children and grandchildren listen to only K-Love and it puts a positive charge to the atmosphere and brings peace to their lives.

The contents of the music is direction for our lives, even as adults we benefit, and I believe it has a strong influence for the good of the community as well as for my home.

I would be very upset if it were taken away.

I appreciate you allowing a personal input on this subject, Bernetta Gaston

I'd like to say serves me + my family in our community.

If KLOVE is displaced by a LPFM Broadcaster it would be like losing a very important way the "Word" is spread and sent out to the people! For a lot of people this radio station is their only means of hearing the word of Gods messages sent out through the beautiful sounds of KLOVE'S music.

What an inspiration to know that 24/7 one can turn on the radio and have an uplifting and vital message of Gods love at our ready. Day or night. What a blessing to know all things put out by KLOVE is to uplift + build up! WOW!

At every turn our kids are bombarded with non life giving messages + music. But at KLOVE there is only light and life!

Sincerely for
the sake of God,

Lisa Bebeau

Dear FCC:

I am writing in reference to MB Docket NO. 04-233. I live in the Arizona State Prison facility in Florence. K-LOVE is the only Christian radio station that comes in clear enough for me to listen. I receive it on 105.5 FM, Casa Grande. No other Christian radio serving this area has as clear or clear reception as K-LOVE. Since I have no computer internet access, FM radio waves is the only way I can receive it.

There are approximately 10,000 inmates in the Florence/Eyman complex in which I live. If only 5% are Christian, that leaves 500 people who enjoy and depend on K-LOVE as the only source of positive and encouraging resource. We depend on this service to help maintain our sanity in the hostile environment of this prison setting. The other 9500 people are potentially effected because Christians, by way of K-LOVE, reflect this positive and encouraging attitude. In addition to this, K-LOVE helps us to want to change our criminal behavior because through them we recognize real love is available, perferable, and the community will welcome a caring person into their society. Over 95% of incarcerated people will eventually return to society. K-LOVE helps them and my return be successful. Therefore, the service provided by K-LOVE is in the best interest of all the public.

Please do not force K-LOVE off the air by replacing FM with LPFM.

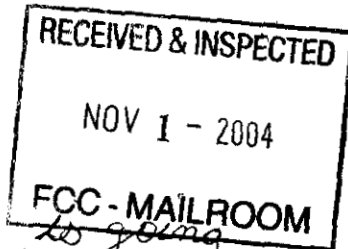

Sincerely,

Robin F. Snyder

To Whom It may concern:

I just heard that K-LOVE ~~to be~~ ^{to going} shut down I don't no why but it does alot to our community imagine that if somebody's really sad or angry if they listen to K-LOVE it would change their mood right away I know this because I have been like that many times. I don't want K-LOVE to be shut down because thats the only station I listen ~~too~~ please give them more time ~~so~~ so they can raise that kind of money it doesn't matter what kind of equipment it only matter how people are The world is going to be so different with out it. Its so important to El Paso because so much people are getting saved by the Lord and are Satan wants to do is ruin Christian lives. I just want you guys to give K-LOVE a chance please! help our community

 O Sincerely,
Alex Garcia 6th grade

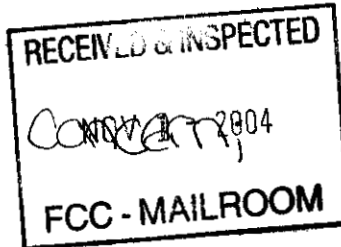

October 21, 2004

to whom it may concern:

I just heard that the radio station K-love or 89.5 was going to be taken off the air because they needed one million dollar equipment. I do not think you realize how much this radio station means to the Christians of El Paso, Las Cruces, and Juarez. On family trips, K-love is the only radio station we listen to. Its Christian music encourages people when they feel sad, angry, or confused. Me, my two sisters, and my brother have all enjoyed listening to and memorizing these songs. Please, I am asking you to reconsider or at least give them more time. Millions of people become Christians every day, just by listening to K-love. If you take this station off the air, Christians will have no good music to listen to. Please think about how much K-love means to us.

God Bless You,
Molly McGee

October 21, 2004

To whom it may Concern,

I just heard that you were taking K-Love 89.5 off the air. Why would you take the best Christian radio station off the air? Have you ever thought that maybe that's the only Christian radio station we have. When you take K-Love off the air you're taking away sources for people to get help like if someone was to commit suicide and they turn the radio on and ~~hear~~ hear thing on K-Love that not to do that because its Satan is telling you to do it because you have God as your savior. K-Love has help me and my family through alot of tuff times so I am asking you to please to not take K-Love off the air

Sincerely,
 Meghan

Gentlemen:

Please do not allow LPFM priority over FM translator service.

I live in Buena Vista, Co. K-LOVE is a wonderful source of inspirational music + commentary for our community. Its loss would be devastating to me & many, many others.

Income is low around here. I have heard many stories of people turning to this station for comfort and help. There is no other station in this area that provides positive input into lives (without leaving the house).

Please allow access by the public of this valuable programming.

Sincerely,

Carolyn B. Damatta

DOCKET FILE COPY ORIGINAL

To Whom It May Concern:

I am a K-LOVE supporter and listener, and I am writing in reference to **MB Docket No. 04-233**. In my community, my family and I listen to 90.7 FM. K-LOVE serves me by providing positive and encouraging music, family-friendly programming, and wholesome values. K-LOVE provides a station my family can all listen to. K-LOVE provides family resources from various ministries, and these resources have helped *me to be a better husband and father*. K-LOVE has *antidotes from other people*, which encourages us all. K-LOVE offers opportunities to get help, whenever my family and I need counseling, prayer, or advice. They also provide us opportunities to witness to other people. K-LOVE broadcasts local events such as church functions, activities, festivals, and Christian music concerts details. We have found out about a lot of concerts that we have enjoyed because we heard it from our K-LOVE station. My husband and I have learned so much from the tips and advice that K-LOVE broadcasts about specific ministries, Christian authors, speakers, and mentors. K-LOVE has given us information about other churches in the area, and *this is how we found the church we currently attend*. Our K-LOVE 90.7 FM station has been an enormous blessing to our family.

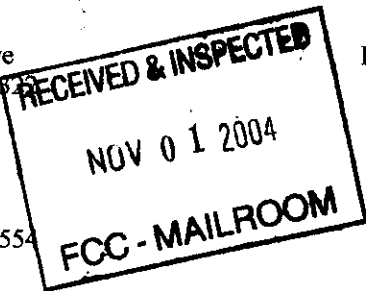

If K-Love were displaced by an LPFM broadcaster, the effect on the community would be devastating. The local Christian community would have no other uplifting, positive, and encouraging radio station in our area. Churches would not be able to give information about their services, activities, and functions. Unfortunately, these churches would have low attendance and would be unable to reach the hopeless and deprived people. Christian concerts would have low attendance, thus our area would lose out on revenue from the concert. The residents of our community would suffer from the lack of positive and encouraging music and programming. Many residents would be lost without 90.7 FM K-LOVE, and their lives will not be the same. This LPFM broadcaster would provide other programming that would not benefit our community like K-LOVE. This LPFM broadcaster would provide other values, thus our family would not be able to listen to at all. Also, the LPFM broadcaster would not provide services to our community nor provide community and church information. They would not offer family-friendly programming. The quality and quantity of the programming would not be the same, therefore, it could not stand up to the reputation of K-LOVE. Our community would economically, socially, culturally, psychologically, religiously, and mentally suffer much anguish with the loss of K-LOVE 90.7 FM.

I believe that K-LOVE 90.7 FM is in the best interest of our community. K-LOVE provides quality and quantity of programming that is family-friendly and enriched with wholesome values. All children need positive and encouraging music with . K-LOVE provides our children in our community with this positivity and encouragement. It is important that people have hope, when they are hopeless. K-LOVE provides that hope. They service our community with outlets for local churches to spread the word about their upcoming events, functions, and services. These all are very important in a military community that we live in. There are so many people in our community that need this radio station. Many lives have been touched and lengthen by 90.7 FM K-LOVE. There is so much in our world that is so discouraging. K-LOVE provides pastors, counselors, and prayer 24 hours a day 7 days a week for our community, and residents in our community can call anytime. K-LOVE serves our community by providing easy access to their radio station with it being on the internet and provides opportunities to serve other people. They provide easy access to Christian based ministries and resources, community information, weather in our area, and news in our area. They serve this area by providing residents with information about Christian concerts in our community. Also, they send devotionals, Christian music magazines, and free bumper stickers by mail to listeners and supporters.

Sincerely,
Kevin J. Levert

RE: MB Docket No. 04-233

Dear FCC:

I am writing in regards to the new broadcast service known as Low Power FM (LPFM). Please do not expand their service. I listen to K-LOVE every day and the music they play is an inspiration to my soul.

If an LPFM broadcaster replaces K-LOVE, the programming that is family oriented will be lost. Will our kids return to Hip-Hop or Hard Rock music? When someone is considering suicide, who will be contacted for help and prayer? I encourage you to visit a K-LOVE radio station and listen with your heart before November 1.

K-LOVE is a family oriented station. My five-year-old granddaughter likes to listen to this station. Many people in the Permian Basin listen to K-LOVE. They have a prayer request line that I have used. The first time I used it was last year and I actually witnessed my prayer being answered. Chills went up and down my back and I had such a great joy inside my soul! In addition, several times throughout the day inspirational quotes are played from Max Lucado, Charles Stanley and Dr. James Dobson. K-LOVE provides other services on their web site. Families feel connected through this station. For example, a mother that lives in North Carolina and has a daughter that lives in Arizona. They know when each other is listening to K-LOVE and it helps them feel closer.

Please do not force the FM translators off the air!

Sincerely,

To whom it may concern,

In reference to MB Docket No. 04-233:

I am a k-Love listener (KLVA 105.5 FM, Phoenix), and have enjoyed their music and programming for 8 years now. There is currently no other station like them on the radio.

k-Love provides an excellent service to me and the community with their message of hope, their music and their many help-lines.

There is alot of junk broadcast on the radio, but k-Love is one of the few that needs no censorship. I never have to worry about what my children are listening to or what they're hearing when they're listening to k-Love.

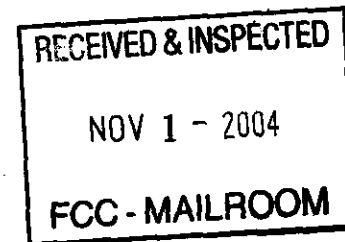

Along with their news broadcast's, they also shed light on some good news in the world, always something praiseworthy.

I urge you to allow them to continue broadcasting. It would be a terrible blow to me and many in the community if one of the few positive spots on the radio was taken away.

Thank you for your time.

Sincerely,
Yosh E.

RECEIVED & INSPECTED

NOV 1 - 2004

FCC - MAILROOM

Greetings:

THANK YOU for the opportunity to comment on MB Docket # 04-233. If approved, it could lead to loss of signal v/a translator of 88.9 FM (K-LOVE) in my community, Oklahoma City.

88.9 FM provides encouraging, positive music & "thoughts for the day" for me & my neighbors. It is my #1 radio station.

As a matter of fact I (& others I know in my circle of friends) appreciate it so much, I contribute monthly to keep it on the air.

Why?

1. Positive influence in the music's message.
As a Christian, faith-based station, the music specifically promotes values such as faith, peace in relationships, & the concept of a "second chance". This has a positive influence on OKC.
2. "G-rated" Content for the entire family.
Frequently, entire families listen to K-LOVE; sometimes the children sing along on the uplifting lyrics. These lyrics influence our community's children with positive thoughts, which is needed, as our public school situations testify.

3. Having K-LOVE on our FM dial provides balance.

Although much of the FM dial broadcasts rock or country music in OKC, the content of K-LOVE provides an alternative.

4. The type of community-wide events K-LOVE sponsors are wholesome, & appeal to the entire family. In a community with varied interests, there will probably always be events at local bars, sponsored at times by Top-40 type stations. K-LOVE provides an alternative, sponsoring more family-type events.

If Oklahoma City's K-LOVE signal were displaced by an LPFM broadcaster with other programming, Oklahoma City could lose:

- wholesome family events
- "G-rated" consistent radio content
- positive influences on many, including young minds
- the content balance we have now.

LET'S NOT.

For the sake of some good things already in place in Oklahoma City, please vote NO on MB Docket # 04-233.

Respectfully,

Deane C. Priest

I am writing in regards to
MIB Docket No. 04-233

1. K Love is a very important
part of our community. We have
lost many jobs in our area, &
K-Love gives people hope and
comfort during the hard times.

I can not imagine not being
able to listen to K Love because
of LPFM broadcasters providing
other programming. Our children
will not have positive and
encouraging music to listen to, only
worldly music with sad outlooks
on life.

K-LOVE is a service to the
public by uplifting wholesome
issues and promoting moral
choices for our community. Please
don't let LPFM stations take
away K Love

Janie Fitzgerald
